

ABDULRAHMAN AMINU

Frontend Engineer

Professional Summary

I'm a creative and detail-oriented Front-End Developer with 3+ years of hands-on experience building responsive and scalable web applications using React, Next.js, and TypeScript. Proven track record in delivering user-centric features for fintech and SaaS platforms. Skilled in crafting clean UI/UX, optimizing performance, and collaborating across cross-functional teams. Passionate about translating design into functional code and contributing to impactful digital experiences that align with FairMoney's vision of transforming financial access in Africa.
